

1 Amendments to the Claims

2 Claim 1 (currently amended): An applicator for liquid scalp medicine for humans,  
3 comprising:

4 a reservoir for holding a supply of said liquid scalp medicine for humans,  
5 a ~~plurality~~ single row of hollow tines carried by said reservoir, said hollow tines  
6 having passageways in fluid contact with said reservoir,  
7 a resilient, flexible and closed tip at the end of each of said hollow tines, and  
8 ~~adjustable aperture~~ means formed in or near each of said tips for adjusting the  
9 amount of said liquid scalp medicine for humans that flows through ~~said aperture means~~ each  
10 of said tips in response to pressure applied by said tip against the scalp, wherein said ~~aperture~~  
11 means includes a slit formed in said tip extending completely through one wall of said tip and  
12 wherein said ~~adjustable aperture means~~ slit closes when no pressure is applied by said tip  
13 against the scalp, thereby stopping the flow of said liquid scalp medicine, and wherein the only  
14 contact made between said applicator and said scalp is by said tips of said single row of  
15 hollow tines.

16 Claim 2 (canceled)

17 Claim 3 (canceled)

18 Claim 4 (original) The apparatus of claim 1 further comprising one-way valve means  
19 connected to said reservoir whereby said applicator is refillable.

20 Claim 5 (original) The apparatus of claim 4 wherein said reservoir is sized to carry a  
21 single dose of said liquid scalp medicine.

22 Claim 6 (canceled)
